

## Herbal Walk

Join the resorts Herbalist Leba for an informative walk through the botanical gardens. Leba has the green thumb responsible for making our beautiful gardens and resort grounds plentiful. Leba's background in horticulture has allowed her to bring much needed skills of gardening to Savusavu and Koro Sun. Explore our 150 acres of rainforest, organic gardens, plant nursery and more. You will learn about native plants to Fiji as well as other applications for those plants with medicinal use.
